Drink A Glass Of  
Water | Drinks Coloring Pages |  
Pinterest ... - To see if the white  
color in the water is due to air, fill  
a clear glass with water and set it  
on the counter. Observe the glass  
of water for 2 or 3 minutes. If the  
glass of white color is due to air, the water  
will begin to clear at the bottom  
of the glass first and then  
gradually will clear all the way to  
the top. Fri, 18 May 2018

Water Color  
(Water Properties), USGS Water  
Science School - When food  
coloring is added to water, it  
spreads throughout the water in a  
process called diffusion. The  
coloring continues to spread until  
all parts of the water contain an  
equal concentration of the dye.  
Diffusion of the food coloring  
occurs passively, meaning no  
outside force is required for it ...
